**PASADENA, CALIFORNIA**

---

**Memorandum**

We request your careful consideration of this list, as it contains much new material which we believe will be of real interest to your customers.

Nothing will make a greater appeal and increase your volume of sales than your reputation for having something new and different to offer, in addition to a well rounded-out line of general nursery stock.

This Company has specialized in novelties since its incorporation, in 1911, and has introduced and disseminated a large number of the most popular varieties now in general use.

1932 should start business on the up-grade so now is the time to plan to be ready to take full advantage of an increasing future demand, by a careful and intelligent selection of your lining out stock for immediate planting.

The plants covered by this list are strong and vigorous and in fine shape for immediately lining out or transfer to larger containers.

We carry only first class stock and guarantee you entire satisfaction.

**COOLIDGE RARE PLANT GARDENS, LTD.**

P. S. We have arranged the attached list alphabetically in sections for your convenience, so that each item can be immediately located.
